Professional Summary

Computer Science Student skilled in C, C++, and Java, with growing expertise in Flutter, Dart, and Firebase. Familiar with mobile app development, databases, and DSA, and currently building cross-platform applications through projects. Certified by Oracle and Cisco, with strong problem-solving and teamwork skills.

Education

Bachelor of Technology , Computer Science & Engineering	2023 – 2027
• Aditya College of Engineering and Technology, Surampalem	CGPA: 9.41
Intermediate (MPC) , Government Junior College, Rajahmundry	2021 – 2023
• Board of Intermediate Education, Andhra Pradesh	Percentage: 91%

Technical Skills

Programming Languages: Java, C++, Dart, C, Python, SQL

Web Technologies: HTML, CSS, JavaScript

Frameworks & Tools: Flutter, MySQL, Git, VS Code

Proficiencies: DSA, OOPS, Database Management, Operating Systems, Networking – OSI Layers, TCP/IP, DNS.

Experience

Full Stack Development Intern , Technical Hub – Surampalem	May 2025 – June 2025
• Collaborated with cross-functional development team of 5 members to deliver Flutter Mart e-commerce application using Agile methodology.	
• Applied version control best practices with Git, managing branches, merges, and collaborative workflows	
Programming Trainee , Technical Hub – Surampalem	September 2023 – December 2024
• Completed comprehensive 3-semester training program in core programming languages	
• Mastered C, C++, Java, Python, Data Structures & Algorithms, HTML, and CSS	
• Participated in intensive coding tracks including Ignite and Bamboo Coder programs	

Projects

Qlue – AI-Driven Interview & Learning Platform (Flutter, Dart, Firebase, AWS)	October 2025
• Integrated Firebase for authentication, database management, and backend workflows.	
• Implemented AI-driven, resume-based interview simulations using Amazon Polly (TTS) and Flutter's speech-to-text capabilities for real-time voice interaction.	
RUSH (Rent Upon Sudden Help) – Item Rental Mobile App (Flutter, Dart, AWS)	July 2025
• Built a cross-platform rental app enabling users to list, search, and request items on rent with responsive design.	
• Implemented user authentication, item management, and rental workflows, integrating AWS for backend.	

Certifications

• Java Certified Foundations Associate, Oracle (2025)	• Oracle Certified Foundations Associate, Database (2025)
• HTML and CSS [Certiport] (ID: 5dHA-4wUp) (2024)	• Python Essentials 1 [Cisco Networking Academy] (2024)
• CLA – Programming Essentials in C [Cisco] (2024)	• Computer Science 101 [Stanford Online] (2024)

Achievements

- Selected among the Top 3 candidates in the Java-Quest Coding Challenge conducted by Aditya University.
- Ranked in the Top 5 in the SQL Query-thon competition organized by Aditya University.
- Awarded 2nd Prize in the Google Hack Sprint, conducted in collaboration with Aditya University, for developing the project Qlue.
